Senator Mahoney, what was your bill number? LB 545 and then Senator Cavanaugh, did you have another bill? LR 21, now Senator Cavanaugh made his request, I believe it was a couple days ago, when was it Senator? This morning, so let's get these bills in the order that you want them. Is it agreeable to take up LB 573 now? Does that agree with you Senator Mahoney, Senator Cavanaugh? And then take up Senator Mahoney's bill, is that the plan. That is 545 and then Senator Cavanaugh, as to your resolution, do you want to take that up after that? Now, I must ask Senator Carpenter because he had a motion to take up some bills. I think these would come ahead of those if that is what we do. Now is that agreeable with you Senator Carpenter.

SENATOR CARPENTER: Well the other bill with the except of 531, might take some lengthy discussion cos' I think they are quite important. Not in their original form necessarily, although they are, but in the form of which I proposed to amend them. I have no objection, I am agreeable and I even am agreeable to turning it over to Monday. I think 531 is not object to anybody that I know of.

SPEAKER: Senator Burbach.

SENATOR BURBACH: What was the discussion about sir?

SPEAKER: The discussion is that over the last few days, Senators have asked to have their bills put at the top of general file and we have tried to keep these requests some what in order. Senator Mahoney and Senator Cavanaugh felt that they had their requests in, in time to take them up now. Those are LB 573, 545, and LR 21 and I'm just asking if there is any objections to taking those up now.

SENATOR BURBACH: Well let's get the record straight here. These bills came from the revenue committee, Senator Carpenters request to place them up here and he made the statement, he didn't care if they were discussed on Monday for certain and neither do I. It is absolutely ok with me. I would ask that they not be considered tomorrow. I think I am excused from this body tomorrow, I don't like to have them digging up in my absence. So I have no objection, I would like to make a request that LB 530 be included with this group. I thought it originally was. It is a group of those bills and there fore when we discuss 531, 26, 28, 29, I would like to have LB 530 considered at the same time. That is, Monday is fine. It is all right with me, if not, Tuesday is also fine.

SPEAKER: All right Mr. Clerk, now do you have the numbers of those bills?

CLERK: Yes.

SPEAKER: And would it be best to do you feel to set them for Monday or Tuesday?

CLERK: Well you have two bills already set for Monday, two for Tuesday, and three for Wednesday.

SPEAKER: Yes, this is part of the problem when we juggle the list here but, let's set them tentatively for Monday, unless somebody has some objection to that. Now do we have the number of the bills. Senator Cavanaugh.

SENATOR CAVANAUGH: I just suggest that, that we shouldn't have created this situation because of Senator Luedtkes, Mahoneys, and my, my request. The only thing we understood is that our
